

TableTalk

FOUR SIMPLE STEPS

1 Gather your table.

Invite friends, neighbors, colleagues, family — whoever you want around your table!

2 Start the conversation.

Use our three questions, or your own. They're starting points, not rules.

3 Listen for ideas.

No need for consensus. Jot down big ideas, recurring themes, and solutions.

4 Share what you heard.

Send notes and photos in any format: handwritten or typed.

SUGGESTED QUESTIONS

What's working well in our community?

What could be better?

What ideas do you have to make Central Florida a better place to live?

THINGS TO KEEP IN MIND

Make it your own.

The questions, number of people, languages spoken, format. It's all up to you and what works best for your community.

Keep it simple.

No registration and no formal report required. At the end of the day, TableTalk is about a conversation with others. As long as that happens, it's a win.

Free to attend.

Never sell tickets. Hosts cover any costs, and a cup of coffee is often all it takes.
